SEC Champions  
1991, 1993,  
1994, 1995

## Steve Spurrier

- 88% win percentage (44-6 at UF) in league games is best in SEC history and his win percentage of .820 for all games coached at UF (61-13-1) is second best in SEC history
- Joins the legendary Paul "Bear" Bryant as the only coach in SEC history to win three straight outright SEC titles (1993-1995)
- Joins the legendary Paul "Bear" Bryant as the only coach in SEC history to win four outright SEC titles in a five-year period (1991, 93-95)
- Ranks third in SEC history for the most outright league titles (Bryant-11, Doc Mearl John Vaught-6, Goumen-4)
- Since arriving at UF in 1990, he has compiled a 61-13-1 record, the third top win total in the nation this decade
- Prior to his arrival at UF in 1990, the Gators had never won more than nine games in a season. Each of Spurrier's six UF squads have won at least nine games, surpassing that total four times—including 12 wins in 1995
- His squads have appeared in each of the first four SEC Championship Games
- UF is one of only two schools in the nation to finish each of the past five seasons (1991-1995) ranked in the final AP Top Ten Poll and one of only four schools to win at least nine games each season this decade (1993-1995)
- Prior to his arrival in 1990, UF had finished a season ranked in the final AP Top Ten Poll just three times. Five of his Gator squads have already achieved that distinction, including a second place finish last year
- His Gator squads have appeared in the weekly AP Poll 99 of a possible 100 times, including a spot in the top 10 in each of the last 52 ranking weeks
- His nine-year collegiate head coaching record of 81-26-2 (three years at Duke and six at Florida) ranks as the sixth-best win percentage (.753) in the nation among active coaches
- Each of his last five Gator squads have gone to a bowl game, including last year's national championship contest at the "Toledo" Fiesta Bowl

## FLORIDA FOCUS

- The University Athletic Association, Inc. has contributed over \$10 million since 1988 to the University for academic endeavors.
- Florida and UCLA are the only schools in the country to place in the top 10 in national all-sport rankings each year since 1984 while Florida, UCLA and Stanford are the only schools to place among the top five each of the last seven years.
- A 1995 study by *U.S. News and World Report* ranks the University of Florida second among all schools in the nation for "Best Values."
- Florida's overall combined athletic program has ranked as the most successful in the Southeastern Conference in eight of the past nine years.
- Over the past four academic years University of Florida student-athletes have been named to the SEC Academic Honor Roll a combined 289 times, the best four-year total for that award in conference history.

# MEDIA INFORMATION

## PRESS BOX

**Entrance to Press Box** - Enter the Press Box via the press elevator that is located midway at the base of the West Stands (press box side of the field). This elevator will go to all levels of the press operations. Press Will Call will be located in the press elevator lobby at street level. You will pick up late request credentials and parking passes here as well as photo sideline credentials/embarks.

**Press Box Levels** - There are seven levels in the Florida Field Press Box: 1) President's Deck which houses a lounge for the University President and his guests; 2) Bull Gate Club; 3) Working Press Deck - print media and media seating; 4) Coaches Seating Booths, Television Networks, Home and Visiting Radio Networks; 5) Photo and Video Deck including coaching film for both teams; 6) Luxury Box Level; 7) Luxury Box Level.

**Working Press Deck (Level 3)** - This level is reserved for media seating and statistical operations. Fax Service is available. We suggest that you let us know in advance what your needs in this area might be on game day. Several pay phones are available at the back of the press box which are used by dozens of media reps. If you have concerns about meeting tight deadlines, we strongly encourage you to order your own phone here within telephone.

**Television Networks, Radio Networks, Coaches Booth Dining Area (Level 4)** - This level is reserved for television networks that are doing the game on a live or delayed basis. This level also houses the radio network for Florida and its respective opponent on game day. Each of the coaching staff has one booth designated for its use. This level also contains the seating and dining areas for media representatives only.

**Photo Deck (Level 5)** - This deck offers a spacious area for all video cameras that are covering the game. This area also will be used for filming by each of the coaching staffs. Security and Game Operation booths are also located on this level.

## SIDELINES

The University of Florida follows NCAA and SEC rules regarding media representatives on the sidelines. Photo-

graphers and videographers are not permitted to shoot between the 25 yard lines and they must wear a photo umbrella at all times. The bench areas between the 25 yard lines are off limits to all media reps. No credentials will be issued to freelance photographers, cut line writers, equipment carriers or radio station representatives except for the two competing networks. A "photo only" zone has been established on the Florida Field sidelines. Only people wearing a game photo umbrella with photo or video equipment will be permitted in this area. All other media representatives on the field (newsmen, writers, reporters, etc.) must stand behind the "photo only" zone. This will ensure that photographers/videographers have the appropriate area to do their work.

## CREDENTIALS

**Press Box** - All members of the media covering the game in a working capacity must seek appropriate credentials in advance from Norm Carlson. We would appreciate receiving these requests as early as possible. Requests for working space in the press box and photo credentials for the sidelines will be honored from Sports Editors of DAILY Newspapers and Sports Directors of Television Stations, ONLY. Due to the heavy demand for working space, credentials for radio stations are limited to immediate Gainesville area stations and the two broadcast network lines doing the game. Any radio station seeking in-game and post-game reports can receive them by calling the SID Office in advance to make proper arrangements with our staff. Request for working credentials must be made in advance in writing to Norm Carlson. Students, dates, relatives, family members, non-workers, and anyone 18 years of age or younger, are not permitted in the press box. Violators will not be tolerated. Media agencies or bowls that violate this policy will not be issued credentials for future games.

**Sideline Credentials** - Media representatives with a gameday sideline photo/video credential from must report to the Press Elevator lobby prior to the game. When you present the appropriate letter and identification, a sideline photo umbrella will be issued at that time. Your game credential or

letter will not gain admittance to the photo zone on the sidelines. Media reps wearing a photo armband and carrying cameras will be the only people that will be permitted to enter the "Photo Only" zone on the field.

#### **PRESS WILL CALL**

Late requested game credentials and parking passes that cannot be mailed can be picked up at "Press Will Call" in the Press Box elevator lobby area. Game stand tickets that have been ordered by the media can also be picked up at the Press Will Call Window.

#### **PARKING**

You should request your parking credential at the same time you request your game day-working credentials. Parking credentials are limited. If time permits, both of these credentials (press box and parking) will be mailed. If time doesn't permit the parking credential to be mailed, you will have to pick it up at the Press Box elevator lobby area before gaining admittance to the press parking area. Parking will be in the grass lots at the north end of the stadium (corner of University Avenue and North-South Drive).

#### **HOTEL ROOMS**

The SID Office has a limited number of rooms reserved in the area for the media. We would be glad to assist you with a hotel room if you get in touch with us at least two weeks before the game. Please contact Harriette Peebles and she will do everything possible to assist you.

#### **FOOD AND BEVERAGES**

A hot pre-game meal will be served on Level 4 of the press box beginning 1 1/2 hours before kickoff. Snacks and beverages are available on Level 3 throughout the game as well as after the game while you complete your work in the press box. Approximately two hours after the game additional food and beverages will be available on Level 2 of the press box (Bull Center level) at the post-game media social.

#### **PRESS BOX AND POST-GAME INFORMATION SERVICES**

Play-by-play, complete halftime and final statistics, coaches quote sheet, defensive stats, and post-game notes are all regular services on game day. Upon your arrival, you will receive an extensive press folder with game program, flip-card and updated statistics, biographical sketches, and game-day notes. An internal PA system will provide updated information and notes throughout the game.

#### **FLORIDA TELECOMMUNICATION SERVICES**

##### **MEDIA FAX-ON-DEMAND**

Fax-On-Demand provides UF's updated statistics, notes, rosters, injury report, depth chart, scouting reports and bio sketches. This system will also have daily football practice reports. Due to this technology, UF's SID office will not be mailing out the weekly media notes and stats package. If you need this information, simply call the SID office and we will issue you the appropriate phone number, pass-code and menu options for Media Fax-On-Demand.

##### **WORLD WIDE WEB**

**(THE NAVIGATOR - <http://www.uaa.ufl.edu>)**

The media and general public can also obtain information on all the University of Florida's sports programs through the University Athletic Association's home page on the World Wide Web. Football information on the web includes statistics, rosters, game releases, post-game statistics and notes. The address for "The Navigator" is <http://www.uaa.ufl.edu>. ## POST-GAME INTERVIEWS

Florida's SID staff will escort media representatives to appropriate locker-room areas with 3-5 minutes remaining the game. Florida coach and player interviews will be conducted in the south endzone locker conference area. Coach Spurrier will conduct a press conference in the media conference room 10 minutes after the contest. His conference can also be heard via an amplified phone hookup in the press box should you be facing tight deadlines. Florida's locker area for player interviews will open 25 minutes after the game. The locker area is open to all reporters. You can arrange post-game player interviews by filling in the appropriate request sheet in your press folder and returning it to a member of the Florida SID staff no later than the first minute mark of the fourth quarter.

Procedures for coach and player interviews for Florida's opponent will be coordinated by the opponent's SID staff. Opponent locker areas are located outside the southwest tunnel area of Florida Field.

## FAX SERVICE

Please see page 3 for a description of the Fax-On-Demand Services. Fax service is also available in the press box to send information back to your agency at the conclusion of the game. There is a small fee for this service depending on the amount of information you want sent. Hal Deck is the fax service representative that will coordinate this service in the press box on game day. Please contact him on game day to discuss your specific needs.

## TELEPHONE INFORMATION

We strongly encourage you to make sure that your phone needs are met before games day. Telephone orders for lines should be placed directly with Southern Bell (Susan Fisher, 7-440-744-0063). Remember, you must place separate orders for your phone line and for the appropriate equipment or you must bring the appropriate equipment with you. The SID office will not be able to help you with a phone line and/or equipment on the day of the game. You should take care of these matters as soon as possible. A bank of wall phones are available to the media on level three of the press box (print media and statistical

operations). The SID office also has a few other phones that it uses for fax services and radio reports. Once again, if you envision tight deadline problems we strongly encourage you to order your own line as the SID phones, fax phones and the wall phones available to the media are in almost constant use for two hours after the game.

**Game Day** - Media representatives wishing to install phone lines for this game in Jacksonville, should call Cindy Robbins at Southern Bell (904-433-4022). Remember to also order a phone or bring a phone with you if you are having a line installed by Southern Bell.

## COACH SPURRIER INTERVIEWS (GAMEWEEK)

The best time to interview Coach Spurrier on the telephone is 11:00-11:30 on Monday, Wednesday and Thursday. He will normally return calls during these time frames. Please coordinate all requests for phone and personal interviews with Coach Spurrier with Norm Carlson in the SID office. This is important during the season with Coach Spurrier serving as head coach, offensive coordinator and QB coach, his time schedule must be coordinated. On every Sunday prior to a game the upcoming Saturday, Coach Spurrier will conduct a teleconference call at 2:00 p.m. ET with media representatives. Every Tuesday, Coach Spurrier will conduct a press conference at Florida Field. He will do radio and TV interviews from 12:15 until 12:50 at Florida Field and then conduct a joint press conference for all media representatives in the Gator Room from 12:45-1:15. He will also take part in a SEC teleconference each Wednesday morning at a time to be announced. Coach Spurrier will also be available to the media each day after practice.

## PLAYER INTERVIEWS (GAMEWEEK)

All player interviews must be coordinated with the Sports Information Office. We strongly urge you to conduct your personal interviews on Monday from 3:00-5:45 (south endzone conference room) and Tuesday from 11:00-12:50 Florida Field as well as after practice. Interviews will take place on the practice field at the conclusion of practice. If it can possibly be done, short interviews with television stations can

be conducted prior to the start of practice. Please call at least one day in advance for phone interviews. A note will then be left in the player's locker asking him to return your call. All player interviews will conclude on Tuesday at 8:00 p.m. The Florida SID office will also conduct a teleconference with 2-3 players each Wednesday at a time to be announced. Team locker-rooms and training areas are considered private team areas. These areas are off limits to media representatives unless accompanied by SID office personnel.

## PRACTICE

Full practices are open to media, closed to the public. Coach Spurrier will meet with all interested media at the conclusion of each practice. Players are available for interviews after practice on Monday evening and Tuesday afternoon. No advance notice is needed. TV B-roll and still photos are permitted on the practice field Monday and Tuesday from the start of special period until the end of the first work period after calisthenics. Photographers will be allowed to film from anywhere outside the perimeters of the two practice fields. All photographers must leave the practice field when instructed by the SID staff. There will be no exceptions.

## GATOR SPORTSLINE (BROADCAST QUALITY)

The Florida SID office will tape coach and player interviews for media use throughout the week. The general format of the Sportsline will be: Monday - Florida defensive coach interview about the opponent offense; Tuesday - Coach Spurrier's comments from his weekly press luncheon; Wednesday - Offensive coach interview about the opponent defense; Thursday - Player interviews; Friday - Player interviews; Saturday - Coach Spurrier's postgame comments; Sunday - Comments from Coach Spurrier's teleconference. The Sportsline number will be published in the weekly release material you will receive or by calling the SID office.

## VIDEO SERVICES

On a weekly basis each Wednesday, Florida will send satellite interviews of Coach Spurrier and several players to television stations that desire the service. Specifics (time and appropriate satellite information) will be announced in August. If interested, please call Andy Pollack at the UF Athletic Dept. (352-375-4663, ext. 6600). The SEC office will also be sending a satellite feed of player and coach interviews from all twelve conference schools. Specifics will be announced later.

Junior Wardlaw enters his senior season looking as one of the most productive quarterbacks in college football history. Since 1990, he has been one of the nation's best in history and has 178.4 rating last year as the best seasonal mark in college history. His 110 passes is the best total in SEC history and the seventh best mark in NCAA Division I-A annually. He has a chance to become just the second QB in college history to throw 100 career TD passes. His career 110 TD passes is the second best in the history of college football.

Wardlaw's career statistics are as follows:

Odum, one of three finalists last year for the Outland Trophy and the recipient of the Lincolns Blocking Trophy as the SEC's premier blocker in each of the past two seasons, was a consensus first-team All-American choice in 1995. Green gained first-team All-SEC honors as a sophomore in 1993 and as a senior guard in '95. Odum was a fourth-round selection by Tampa Bay and Green was a sixth-round choice by Seattle in last spring's NFL Draft.

**“Florida’s offensive line returns three of five starters from last year’s iron-man unit. There should be more competition and depth this fall as several redshirted players join the mix. The two-deep depth chart going into fall drills is composed of two seniors, one junior, four sophomores and three freshmen.”**

## Secondary

Under the line and the linebackers, the secondary unit, which could rank as UF's finest in a decade, returns intact from last fall. Senior Anthony Hill and junior Eric Briggs return as the starters at the corners while Lawrence Wright returns at strong safety and sophomore Treva Brown at the free safety.

Hill has been a starter at the corner spot since his freshman year. He was also a starter at the corner spot last fall. He was also a starter at the corner spot last fall. He was also a starter at the corner spot last fall.

Without a doubt, the only undisputed factor on the Gators' All SEC Defensive Team in 1995 enters his fourth year as a starter at cornerback.

There are several different types of water heaters available. The most common is the tank water heater, which stores water in a tank and heats it as needed. Tankless water heaters, on the other hand, do not store water and instead heat water on demand. This means they are more energy efficient and can last longer than tank water heaters. Another type of water heater is the heat pump water heater, which uses electricity to move heat from one place to another. This type of water heater is also more energy efficient than a tank water heater. When choosing a water heater, it is important to consider your home's needs and budget. A professional plumber can help you decide which type of water heater is best for you.

SECRET

On our side (East) many people are again talking of "a much more progressive and sunny South" than we have in the past. I am sure that the little South Carolina farmers and mechanics are all very competitive and that we plan to be no different. We have a chance to win our South Sea home, whether or not.

# SPURRIER STEVE

Steve Spurrier's winning percentage in SEC games (88% or 44 of 50) is by far the best in league history. In six years at the helm he's led the 'ol' SEC to four outright SEC titles, a feat that makes him the third best in conference history. He and Alabama's legendary Paul 'Bear' Bryant are the only coaches to win SEC titles in the three straight outright league titles.

## SEC COACHES WITH BEST WIN PERCENTAGES IN LEAGUE GAMES

(Minimum of five years at a league school)

1. Steve Spurrier, Florida 88% (44-5)
2. Robert Neyland, Tennessee 78% (62-15-5)
3. Gene Stallings, Alabama 78% (58-10-1)
4. Frank Thomas, Alabama 74% (46-16-4)
5. Paul 'Bear' Bryant (Kentucky, Alabama) 74% (50-14-4)

“Creating an atmosphere among the coaches and players is very important. We want an atmosphere where the guys like each other and pull for each other to do well. Teams that believe something good is going to happen for them in the fourth quarter and keep playing hard, and good things do happen. I think former players should know that, no matter what, they always have a home here. It's nice to belong to a group, a family, a team and that doesn't have to end when you quit playing here.”

STEVE SPURRIER JR.

“More than anyone, Spurrier has been responsible for mending UF's broken home and for making Gators proud to be Gators again. Yeah, it's kind of corny the way Spurrier gets misty-eyed when he sings We Are the Boys or the way he makes his players stay out on Florida Field after home games and sing the alma mater, but there is no doubt he is genuine about making the Gator family whole again.”

MIKE REASCH

From left: Mike Jr., brother of Steve Jr., daughter Laura King, grandson Tim King and his girlfriend, and his 11-month-old son. Spurrier is holding his wife's dog, a name is Spunk.

**■ Coach Sparrows** is a true player's coach. He stays on the field as much as he can, allowing the players to make many of their decisions, but he expects a tremendous amount of effort, support and productivity when it comes to playing time. It was a privilege to play for him. ■

But for the admirers of coach Sestring's ability to motivate, the legend says he won't. He is also the type of coach that you can reach out to. He looks out for his players and he allows you to have fun within the rules. ☺☺

## IRCAUTIONS

☛ He is the perfect head coach. He really cares about his players and has a knack for bringing out the best in each member of the team. It was a real delight and privilege to play under him. ☛

# DEFENSE

ATTACKING, HARD HITTING AND AGGRESSIVE

**"Coach Stoops' defensive scheme has been a big hit with the players. It's a fun scheme to play because it forces the offense to make plays. The scheme is very aggressive and intense and its greatest attribute is that it will force more turnovers if we carry out our roles and responsibilities as players. This is a team game and if the defense can create more turnovers, that means more opportunities for our offense."**

—QUINTON DICKSON, Linebacker

**"It has been really exciting learning Coach Stoops' defensive scheme. You can sense an aggressiveness throughout the defense and about what is taking place. Coach Stoops brings so much energy and he demands that players play with emotion and pride. I really believe that people are going to be hearing a lot of good things about Coach Stoops and this scheme."**

—JAMAR BATES

**"I** think the defense, such as the University of Florida Championship teams have a great defense and we are committed to that type of excellence."

Defensive players at Florida must realize that they have an obligation to uphold the name and tradition of defense at his school. Over the years 44 defensive players have earned All-American honors (17 have been named first team All-SEC), 100 players have been named the National Defensive Player of the Year and 10 players have been first round draft choices by the NFL while 54 others have played in the NFL.

"We are going to play an aggressive and attacking style of defense. Our style is the hardest hitting possible from the front but don't break philosophy. This is not a gambling, gambling defense but is a disciplined and highly aggressive attack. The goals of this attack are to give the offense the ball back as quick as possible and as close to scoring range as possible."

We base from a 4-3 defense and use a variety of man free coverages in the secondary. We use a lot of man free coverages in the secondary and either using the blitz or fall out of it. We like to use push and run pass coverage in the secondary and we'll work with combinations of coverage using these techniques. Great defenses don't build from the front line back, we want to work schemes in the front line that will allow our front seven players to make huge big plays."

"We adapt to the offense that we are going to attack presented each week. Each offensive attack is different and we will have enough defense system to emphasize certain parts of our system each week without being predictable."

We look for young men on defense who want to play against the best in practice and in games. We want people who want to be challenged, people who like playing an aggressive and attacking defense system. At the same time, we want young men who understand that they are part of a team and system that demands discipline and responsibility. And lastly, we want young men who have pride in achieving and

## PERSONAL INFORMATION

1. **Background**  
 The background of the study is the need for a more effective way to manage the data of a large number of projects. The current system is based on a manual process, which is time-consuming and prone to errors. The goal of the study is to develop a new system that can automate the process and improve the accuracy of the data.

2. **Objectives**  
 The objectives of the study are to:

- Develop a new system that can automate the process of managing project data.
- Improve the accuracy of the data by reducing the number of errors.
- Increase the efficiency of the process by reducing the time taken to enter and retrieve data.

3. **Methodology**  
 The methodology of the study is based on a combination of qualitative and quantitative methods. The qualitative methods include interviews with project managers and a review of the current system. The quantitative methods include a survey of project managers and a comparison of the current system with the proposed system.

4. **Results**  
 The results of the study show that the proposed system is more effective than the current system. The new system can automate the process of managing project data, which reduces the time taken to enter and retrieve data. The new system also improves the accuracy of the data by reducing the number of errors.

5. **Conclusion**  
 The conclusion of the study is that the proposed system is a more effective way to manage the data of a large number of projects. The new system can automate the process and improve the accuracy of the data, which makes it a more efficient and reliable way to manage project data.

Steve Spurrier is the best quarterback coach in all of football - pros, college, junior high, Little League, anywhere. Steve Spurrier is, bar none, the best offensive coach in the country.

STEVE SPURRIER  
SEC All-Time Football Coach

Florida can turn a football game into something like grass basketball, challenging an opponent to match fast breaks.

WILL LAYDEN  
Sports Illustrated

The best quarterback coach in college football is Steve Spurrier. He is a guy doing special things with his quarterbacks.

MIKE GOTTFRED  
ESPN College Football

If you want to write a history of football's offensive formations, get a Florida playbook. In watching film of Florida, you are watching the most sophisticated offensive and passing attack in college football. Steve is simply a brilliant offensive coach.

## RUNNING BACK SUCCESS

Florida has rightfully gained a reputation as the state where the sun shines on everyone. It is a place where the sun shines on everyone, including the state's most notorious criminals. The state's most notorious criminals are the ones who have been convicted of the most heinous crimes. They are the ones who have been convicted of the most heinous crimes. They are the ones who have been convicted of the most heinous crimes.

- Florida scored 28 rushing touchdowns last season, the second highest total in college history.

### SERIES AND GAME NOTES

**Abstract** The purpose of this study was to determine the effect of a 12-week, low-intensity, supervised walking program on the physical and psychological health of sedentary, middle-aged women. The study was a randomized, controlled trial. The subjects were 40 sedentary, middle-aged women who were randomly assigned to either a supervised walking program or a control group. The walking program consisted of 12 weeks of supervised walking, 3 times per week, for 30 minutes per session. The control group consisted of 20 women who did not participate in the walking program. The subjects were assessed at baseline and at 12 weeks. The walking program had a significant positive effect on the physical and psychological health of the subjects. The walking program significantly improved the subjects' physical health, as measured by the 6-minute walk test, and their psychological health, as measured by the Beck Depression Inventory and the State-Trait Anxiety Inventory. The walking program also had a significant positive effect on the subjects' quality of life, as measured by the SF-36. The walking program was a safe and effective intervention for improving the physical and psychological health of sedentary, middle-aged women.

**Journal of Management Education**

The image is a very dark, low-contrast scan of a document page. It appears to be a ledger or a table with multiple columns and rows. The text is almost entirely illegible due to the poor quality of the scan. A vertical line is visible on the right side, possibly indicating the edge of the page or a column boundary. There are some faint, blurry shapes that might be text or numbers, but they cannot be transcribed.

## ACKNOWLEDGMENTS

Figure 1 consists of 16 small plots arranged in a 4x4 grid. The rows are labeled (a) through (d) on the left, and the columns are labeled (1) through (4) on top. Each plot shows the relationship between the number of species (S) on the y-axis and the number of individuals (N) on the x-axis. The curves represent different species richness estimators: (a)  $S_{obs}$ , (b)  $S_1$ , (c)  $S_2$ , and (d)  $S_3$ . The plots show that as the number of individuals (N) increases, the estimated number of species (S) approaches the true number of species (S). The curves are labeled with their respective estimator names.

### GAME AT A GLANCE

## GAME NOTES

Figure 1 is a line graph showing the percentage of total protein in the supernatant fraction versus the percentage of total protein in the pellet fraction. The x-axis is labeled 'Pellet' and ranges from 0 to 100. The y-axis is labeled 'Supernatant' and ranges from 0 to 100. A diagonal line represents the theoretical 1:1 relationship. Data points are plotted for various samples, showing a general trend where the percentage of protein in the supernatant decreases as the percentage in the pellet increases.

Figure 1. Schematic representation of the experimental design. The first part of the experiment consisted of a 10-min habituation period, followed by a 10-min test period. The test period was divided into two 5-min blocks. The first block contained five trials, and the second block contained five trials. # CHAMPIONS 1995 FIESTA BOWL 1996

The 1995 team finished with a 12-1 mark that included an appearance in the National Championship game in the 1996 Fiesta Bowl. Florida ended the year ranked second in the final AP poll, the highest finish in school history, and won more games (21) than any team in all history.

## THE BIRTH OF A NICKNAME

Reprinted from Miami Times-Union, August 2, 1994

A Jacksonville lawyer christened the University of Florida's football team 41 years ago when he gave a pennant, designing him in Charlottesville, Va. the suggestion of "The Alligators."

Austin Miller, who has practiced law here since 1950, after his graduation from the University of Virginia in 1913 yesterday recalled the circumstances surrounding the choice of a name for Florida University's athletic teams. It happened in the fall of 1907, a year after the University of Gainesville had fielded its first team.

Miller, a native of Gainesville, was enrolled in the University of Virginia at the time and was visited by his father, Philip Miller, a businessman in that state. Miller, who died nine years ago, then owned and operated a combination drug store and stationery store in Gainesville, a popular rendezvous for university students.

While in Charlottesville, the father decided to order some pennants and banners for the University of Florida from the Michie Company, which was engaged in the business of supplying the military with uniforms. When they were shown samples of pennants which

featured the Yale bulldog, the Princeton tiger and other school emblems, Austin, the manager asked for Florida's emblem. The Millers realized the new school had none.

Austin Miller said the name Alligators occurred to him as a suitable emblem, both because the Michie manager said no other school had adopted it and because the alligator was native to this state. "I had an idea it would suck, or even be popular with the student body," Miller said. "We wanted to get the Michie firm started on the pennants as quickly as possible, though so they would be available in time for the opening of the 1908 school term."

The Michie manager complicated the choosing when he told young Miller he'd never seen an alligator and didn't believe he could design one. The law student volunteered to find a suitable picture of a gator. After much search, he said, he located a picture of one in the library of the University of Virginia.

The first appearance of the alligator emblem, Miller recalled, was in his father's Gainesville store in 1908. The Michie firm had supplied Millers with the blue banner measuring six by three feet, showing a large orange alligator and also with several different types of smaller banners and pennants. Some of them showed the alligator leaping down, some rampant, while others included only the alligator's head.

QB Kevin Hill was told by major college coaches that he had no chance to compete at that level. He felt that he was not good enough to play at that level. He decided to walk on at Florida in 1983. A year later in 1984 as a non-scholarship player he became a starter and was named SEC Player of the Year. By the time he completed his career in 1987 he was the 5th all-time rushing leader with over 3,000 yards. He was named to the All-American team and was a first-round pick in the NFL.

QB Larry Oliver had scholarship offers at some small colleges but he had a dream of playing major college football. He came to Florida as a walk-on in 1984, earned a scholarship in 1985, became a starter in 1986, and then was named a first-team All-America in 1987 and 1988. He was one of three finalists for the Harpe-DeFuria Back of the Year Award in 1988 and was a first-round selection in the 1989 NFL Draft.

# BOWL HISTORY

*T*

he first bowl game in the history of the sport was the 1956 Tangerine Bowl, which was played between the University of Miami and the University of Florida. The game was held at the Orange Bowl in Miami and was a significant event in the history of college football in the state of Florida. The game was a close contest, with the University of Miami emerging victorious by a score of 14-13. This game marked the beginning of a long and storied tradition of bowl games in Florida, which has since become a major part of the state's sports and entertainment calendar.

Over the years, the Tangerine Bowl has evolved into the modern-day Sun Life Bowl, which is one of the most prestigious and highly attended bowl games in the country. The game is now held at the Sun Life Stadium in Miami and is a major event for fans of college football in Florida. The game is a testament to the rich history and tradition of college football in the state, and it continues to be a source of pride and excitement for fans of the sport.

The Sun Life Bowl is a game that is watched by millions of fans across the state, and it is a game that is always filled with excitement and drama. The game is a testament to the skill and talent of the players, and it is a game that is always a source of pride for the fans. ## NCAA SELECTS FLORIDA AS PILOT PROGRAM

The National Collegiate Athletic Association (NCAA) has selected the University of Florida as a pilot program for its new "Academic Achievement Center" program. The program is designed to help students improve their academic performance and provide them with the resources they need to succeed in college. The program will be implemented at the University of Florida and will serve as a model for other colleges and universities across the country. The program will focus on providing students with the resources they need to succeed in college, including tutoring, study skills workshops, and academic advising. The program will also provide students with the opportunity to participate in academic competitions and other activities that will help them develop their academic skills. The program is expected to be implemented in the fall of 1994.

**UF** Academic Achievement Center program was named the 1994 Outstanding Institutional Achievement Program by the National Academic Advising Association.

## PROFESSIONAL SPORTS COUNSELING PANEL

The Professional Sports Counseling Panel is a group of experts who provide advice and guidance to students who are considering a career in professional sports. The panel members are experienced professionals who have worked in the sports industry and can provide valuable insights into the career path. The panel will meet with students to discuss the various options available to them and help them make informed decisions about their future. The panel will also provide information about the various opportunities available to students who are interested in professional sports. The panel is expected to be held in the fall of 1994.

## ACADEMIC ACHIEVEMENT CENTER

The Academic Achievement Center is a three-story, 31,123 square foot building located one block east of Ben Hill Center Stadium at Florida Field and houses the University of Florida's Advising Center and the Office of Student Life. The \$4.8 million facility, which opened in 1994, financed by a gift from the University Advise Association and matching funds from the State of Florida Board of Regents features staff offices, 12 tutorial rooms, two video rooms, two computer advising study areas.

**SUNSHINE**

The first thing I noticed when I stepped out of the car was the cold, crisp air. It felt like a fresh blanket after a long, hot summer. I took a deep breath, savoring the scent of pine and the distant sound of water. The sun was just beginning to rise, painting the sky in soft, golden hues. I felt a sense of peace and tranquility that I hadn't experienced in a long time.

# Dear Prospective Student-Athlete

As you consider the possibility of attending a college, you should also consider the possibility of becoming a student-athlete. This is a unique opportunity to combine your academic and athletic interests.

Being a student-athlete offers many advantages. You will have the chance to develop your athletic skills while earning a degree. You will also have the opportunity to represent your college on a national level.

One of the most important factors in becoming a student-athlete is the ability to balance your academic and athletic commitments. You must be able to manage your time effectively and maintain a high level of academic achievement.

Another important factor is the ability to handle the physical demands of your sport. You must be in good health and have the necessary physical attributes for your chosen sport.

Finally, you must have the ability to work with a team. Team sports require a high level of cooperation and communication. You must be able to work with your teammates to achieve a common goal.

It is important to remember that becoming a student-athlete is a commitment. You must be prepared to dedicate a significant portion of your time and energy to your sport. However, the rewards can be great. You will have the chance to compete at a high level and represent your college with pride.

Sincerely,  

Dean Guion  
 Head Coach

**“We** encourage young student athletes to join us at the University of Florida where we take great pride in the academic and athletic success of our students. Student athletes at the University of Florida enjoy the benefits of superb facilities, but more importantly, they join programs headed by exceptional coaches. Head football coach Steve Spurrier, like all of us at Florida, has committed himself to develop a first-class football program that reflects the quality and pride of players, and that inspires the respect, admiration and pride of faculty, students, alumni and friends of the university.”

**DR. JOHN LOMBARDI**  
PRESIDENT

**“It** is the goal of this athletics program to become the nation's premier program. Our genuine commitment to excellence in academics, athletics, facilities, health care, student life, academic support and fan support is the foundation for this goal. This is an outstanding institution that has everything a student athlete could possibly want or need to further your academic and athletic goals. We are second to none in terms of quality facilities and coaches whose commitment to excellence will match yours. The Florida experience will be one you never forget and will set the standard for the remainder of your life.”

**HERMIE TOLLY**  
VICE CHAIRMAN, ATHLETICS

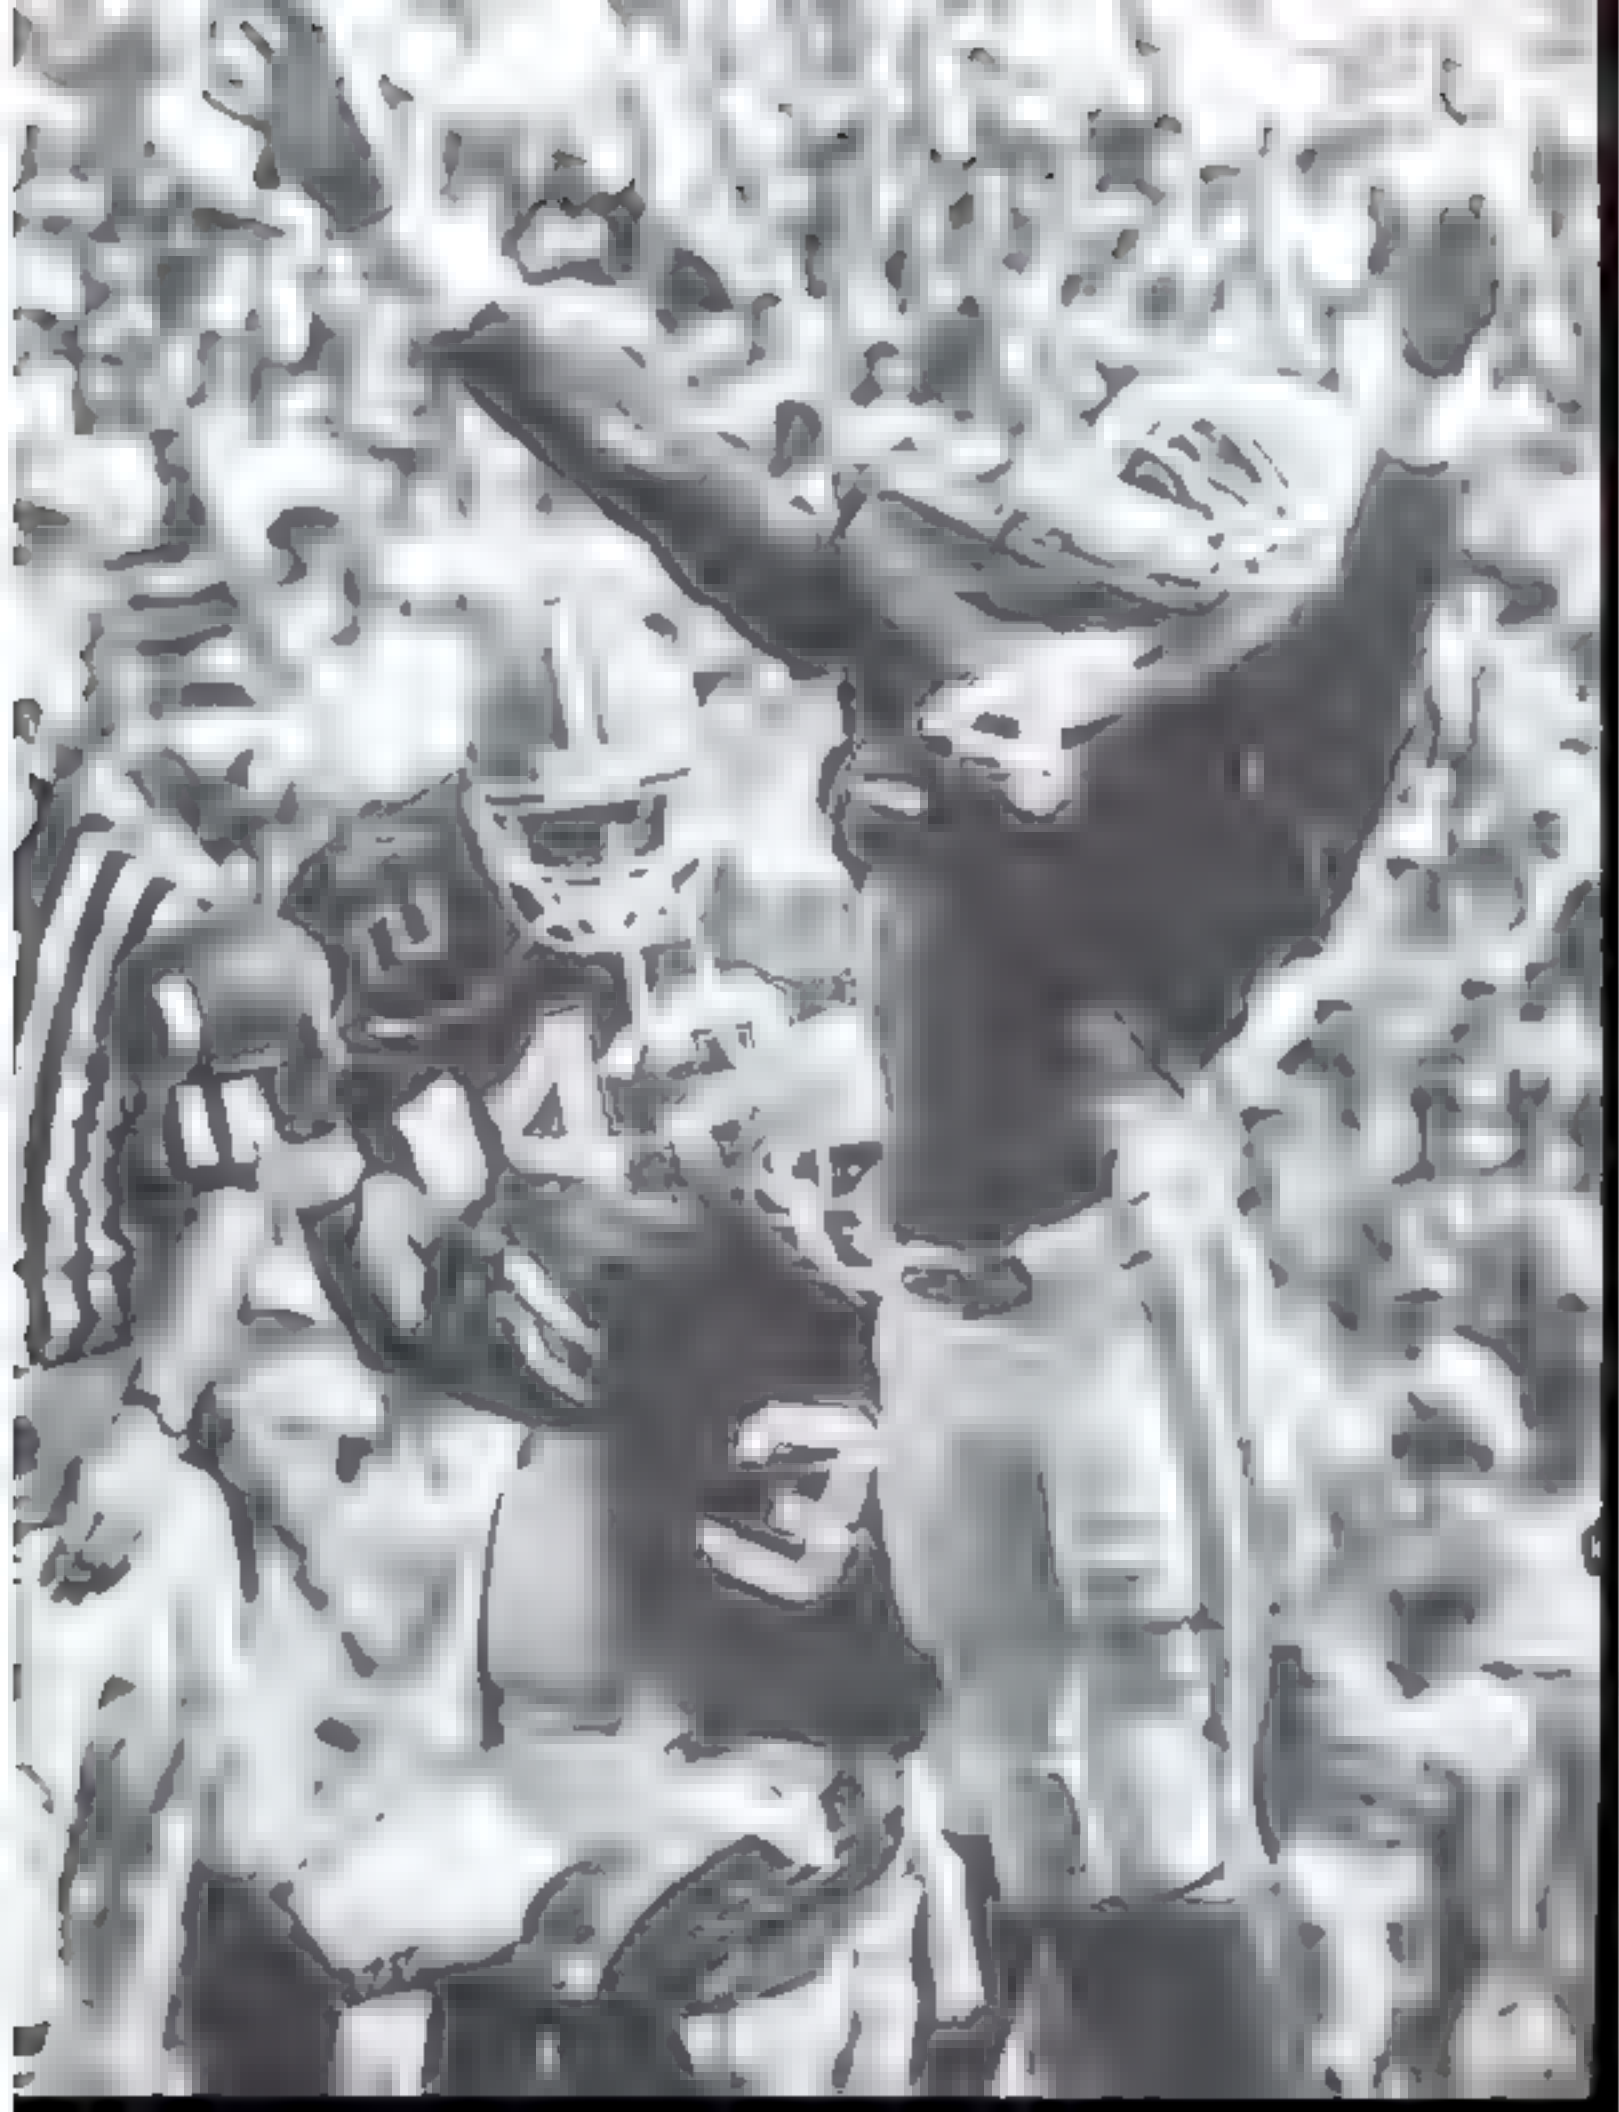

**“We** are seeking players who want to combine the best in athletics and academics. Florida football is a positive experience: playing in a sold-out Ben Tilt Griffin Stadium in front of over 84,500 fans each week and competing for a championship at the highest level in the nation's best conference, the SEC, and playing on network TV over 75 percent of the time. Combine all of that with a degree from the University of Florida, the highest ranked state university in the south, and you can achieve the ultimate college experience for a student athlete.”

*U.F. Ranks Among the Nation's Elite for  
Combining Academic and Athletic Achievement.*

The University of Florida is so proud to be ranked among the nation's elite for combining academic and athletic achievement that it has been named one of the best of both worlds. The American Council of Education ranked UF among the nation's best for combined academic and athletic achievement in its 1994 ranking. UF was named one of the top six schools in the nation for combined academic and athletic achievement by the American Council of Education.

## THE BEST OF BOTH WORLDS™

Two national studies clearly place the University of Florida among the nation's elite in this regard. In 1994, ranking by the American Council of Education ranked UF among the nation's best for combined academic and athletic achievement. Florida was named in this ranking by UCLA, Michigan, Texas and Stanford.

An independent study published in the NCAA News in June 1992 named UF one of the top six schools in the nation for having the best mix of academic quality and athletic success. Florida was named in this ranking by UCLA, Texas, Stanford, Penn State and Southern Cal.

Florida was one of only four schools (UCLA, Texas and Stanford were the others) to appear in each of these two national rankings.

UCLA, Texas and Stanford were named in the top six schools in the nation for combined academic and athletic achievement. UF was named in this ranking by UCLA, Michigan, Texas and Stanford.

Of the more than 1,000 schools in the nation, only six schools were named in the Association of American Colleges and Universities' ranking of higher education. UF was named in this ranking by UCLA, Michigan, Texas and Stanford.

UF is one of the few schools in the nation that have so high an overall athletic program ranking. UF was named in this ranking by UCLA, Michigan, Texas and Stanford.

# SUPPORT

**"T**he support you receive is really hard to describe. I grew up in Gainesville and part of the reason why I wanted to play so much for the Gators was to experience the warmth, caring, and passion from the fans. As much as I dreamed what that would be like, it was even better. Gator fans are special and they are a big reason why the Florida football experience is so unique and treasured by its players."

# LAND HERITAGE

■ The first of the primary reasons why I and so many others come to Florida is because of the tradition. When you see the list of players that have played here it truly becomes an honor to play on the same field as they have. Coach Spurrier is one of those great players who is now adding to Florida's impressive tradition with his sparkling achievements as a coach. What's really exciting is the fact that everybody believes the best is yet to come.

# THE SWAMP

It is the fact we have thousands of the same of Florida. The way of Florida field football will always remain something very special for me and all other players. Players from other states will always play the game differently as the tempo of the game is completely different in the other states. They are always there to make a big mistake and sometimes you can make a mistake and you will not see it and then in other times you didn't realize how often that is. That's the case of Florida field. The ways are always different. They really are special and I'll never miss it the feeling of running out the tunnel at Florida field. It gives me the goose-bumps just thinking about it. I really had the time of my life at there. 🍌🍌

As the community and ethnic media become increasingly national and/or international, respect and honor are appropriate for the community personnel. For that they are, the Thai community people traditionally had the tendency of attaching great value to their status and contribution for society. First, community and ethnic media organizations should be represented by its members who are the most influential people

**“F**ar too often, the balance between athletics and academics is overlooked in *Big Time* college athletics. I am proud to say this never occurred with me, and I am confident that the U.S.A. University Athletic Association will continue to encourage both athletic and academic excellence.”

“I enjoyed my playing days at Florida. I grew up in so many ways over those last few years, but most importantly I was taught skills in teamwork, personal responsibility and developing a solid work ethic. If you only become a better player at Florida, then you are cheating yourself because the University of Florida will make you a more well-rounded individual if you take advantage of all that it offers, and it does indeed have a great deal to offer.”

**"T**he support staffs at the University of Florida are simply superb. As players we never found ourselves getting anything in that regard that wasn't the best and first-class in every sense of the word. Getting adequate care and concern was never a worry."

—CAL DIXON  
1991 All-America Center

**"O**ver the years at UF, I have seen many wonderful people of all ages and races. As for what I've learned, I've learned quite a bit. I have learned that it doesn't matter what race you belong to or your age, but rather the amount of hard work a person is willing to put into a project. I love my teammates and I thank God for the time I have spent at this university. It has taught me never to stop fighting and reaching for the best in myself and the people around me."

—DE TONY MCLOY  
1991 Team MVP, Current member of the Indianapolis Colts

**"T**he Office of Student Life was right by your side, day-in and day-out, to help you as you go through college and prepare for the future. The OSI staff is made up of caring, dedicated professionals. They truly care about you and your well-being, from the transition from high school to college to any assistance you might need regarding academic matters and your career. OSI is there. It was very reassuring to have professional-trained, caring people concerned about you and your well-being at all times."

—TERRY RICHARDSON  
1991 All-America and  
NIT First-Round Draft Selection

**"T**he OSI staff and program is such a great support system for all student-athletes. The staff works hard at teaching you how to be a responsible and productive person. They get behind you early and help you develop good habits and techniques that will make you successful in and out of the classroom if you listen to them and carry out the things you are taught. The staff and program are part of what makes the University of Florida such a special place."

All-SEC and Academic All-SEC in 1995

All-SEC Linebacker Ben Zanki graduated prior to his senior season in 1993. That summer he received a National Achievement Award from the National Association of Academic Advisors for Athletics.

## ACHIEVEMENT OFF THE FIELD

- UF set a all-time SEC record in 1994 when 19 Gator football players were named to the SEC Academic Honor Roll.
- In the past five years UF can boast four of the nation's premier football scholar-athletes. In 1993 DT Brad Culpepper, a first-team All-America selection, was the recipient of the Draddy Award which is presented annually to the nation's top scholar athlete by the National Football Foundation and College Hall of Fame. In 1993 and 1994 DE Michael Calmese was a first-team CIT Academic All-America and CAA scholar-athlete. Team honoree in 1993 he was the state of Florida's lone national finalist for the prestigious Rhodes Scholar program.
- In 1994 QB Terry Dean was named to the Academic All-America team.
- In 1995 QB Danny Nunez, third in the Heisman Trophy balloting, was named the CIT Academic All-American of the Year.
- UF was one of 16 schools recognized by the College Football Association (CFA) in 1992 for graduating 70% or more of its players. UF was credited with an 81% graduation rate in that year's national survey.
- Florida's community involvement program (a.k.a. "The Goodwill Gators") has received a White House commendation for volunteerism.
- Florida's 138 total SEC Academic Honor Roll football recipients since 1980 ranks as the second top total in the league.
- At least one Gator football player has received Academic All-America honors in four of the past five seasons.

**"A**ll parents want the best for their children and we felt that the University of Florida was just that! Some memorable years of great football. Coaches and other support personnel who cared about student-athletes and their educational goals and strong leadership from President Lombardi makes the University of Florida the best choice."

# IMPORTANT INFORMATION FOR PROSPECTIVE STUDENT-ATHLETES

## WHO IS A PROSPECTIVE STUDENT-ATHLETE (PROSPECT)?

You are a prospect if you have started classes for the ninth grade. Before the ninth grade, you may become a prospect if a university provides you or your family or friends any financial aid or other benefit that is not usually provided to prospects.

## HOW DO I KNOW IF I'M BEING RECRUITED?

A coach is recruiting you if they try to convince you directly, or through your family, to attend their school and participate in intercollegiate athletics. There are several ways to be recruited: (1) the school may provide you with an official visit, (2) a coach may arrange an in-person, off-campus encounter with you or your family, or (3) a coach or staff member may call you or your family on more than one occasion for the purpose of recruitment.

Coaches and authorized institutional staff members are the only individuals who may recruit you. Representatives of athletic interests (boosters) may not call, write or make in-person contact with you for the purpose of attending the University of Florida and participating in athletics.

## WHEN CAN A COACH CONTACT ME?

**OFF CAMPUS CONTACT:** A coach can arrange a face-to-face meeting, off the University's campus, with you beginning July 1st following the completion of your junior year in high school.

**TELEPHONE CALLS:** Phone calls from a coach or institutional staff member may not be made until August 15th following the completion of your junior year in high school. You may call a coach at your own expense at any time. However, unless it is after July 1st following your junior year, the coach may not return your call. Generally, a coach may only call you

for your parents or legal guardians once a week, however unlimited phone calls are permitted under the following circumstances: (1) during the five days before your official visit, (2) on the initial date for signing the National Letter of Intent and the two days following, (3) on the day of a coach's off-campus contact with you, and (4) in the sport of football only, unlimited phone calls may be made during permissible off-campus contact periods and during the two days before and after the initial signing date for the National Letter of Intent.

**LETTERS:** Letters and recruiting information may be sent to you starting September 1st at the beginning of your junior year in high school.

## WHAT CAN A SCHOOL OFFER ME TO ATTEND THEIR UNIVERSITY?

You (or your family) may not receive any benefit, inducement or arrangements such as cash, clothing, cars, gifts or loans to encourage you to sign a National Letter of Intent or to attend a NCAA school.

The University of Florida may offer you a one-year scholarship that covers room and board, tuition, and fees, and required course-related books, or any part of these. The institution can recommend that this aid is renewed each year, as is the general practice at the University of Florida. In addition, they can offer you quality academic and medical support, as well as the opportunity to compete for one of the top programs in the country.

## WHAT CAN I DO DURING THIS PROCESS?

Enjoy your high school years—work hard both in the classroom and in your sport. At the beginning of your junior year, sign up for the NCAA Clearinghouse. Your high school guidance office can provide you with the information you need.

## The Best of Both Worlds

The University of Florida, a member of the select Association of American Universities—the most prestigious organization in higher education—was named one of the six premier schools in the nation for combining academic quality

and athletic success in

a decade-long, independent study published in the NCAA News in 1992. Stanford, Penn State, UCLA, Southern Cal and Texas joined Florida in this elite group. A 1994 study by the American Council of Education ranked UF among the nation's five premier institutions for combined academic and athletic achievement. Florida was joined in this prestigious group by UCLA, Michigan, Texas and Stanford.
